Developing Tactics: Do this for all assigned objectives (per committee/group) and you have your committee's action plan
Consider incorporating all committee action plans into one for a comprehensive association business plan and status report.

3. *How* will the Objective be met? (the Tactics) (a) Who will do it? (b) When will it be met? (c) Is there a related budget needed? (d) How will you know it's been met?
